Optional Benefits	Optional dental, vision, inpatient substance abuse treatment or infertility benefits are available. If your employer purchased any of these benefits, a description of the benefit is provided separately.	

1 Deductible and copayments marked with a (1) do not accrue to calendar-year copayment maximum, except for the percentage copay for the Outpatient Surgery in hospital/facility benefit which does accrue to the calendar-year copayment maximum. Copayments and charges for services not accruing to the member's calendar-year copayment maximum continue to be the member's responsibility after the calendar-year copayment maximum is reached. Deductible does not apply toward the calendar-year maximum. Please refer to the Evidence of Coverage, the Disclosure Form and the Plan Contract for exact terms and conditions of coverage.

2 Member is responsible for copayment in addition to any charges above allowable amounts. The copayment percentage indicated is a percentage of allowable amounts. Preferred providers accept Blue Shield's allowable amount as full payment for covered services. Non-preferred providers can charge more than these amounts. When members use non-preferred providers, they must pay the applicable copayment plus any amount that exceeds Blue Shield's allowable amount. Charges above the allowable amount do not count toward the calendar-year deductible or copayment maximum.

3 Participating ambulatory surgery centers may not be available in all areas. Regardless of their availability, you can obtain outpatient surgery services from a hospital, or an ambulatory surgery center affiliated with a hospital with payment according to your health plan's hospital services benefits.

4 The maximum allowed charges for non-emergency hospital services received from a non-preferred hospital is \$600 per day. Members are responsible for 40 percent of this \$600 per day, plus all charges in excess of \$600.

5 Bariatric surgery is covered when pre-authorized by Blue Shield. However, for members residing in Imperial, Kern, Los Angeles, Orange, Riverside, San Bernardino, San Diego, Santa Barbara and Ventura Counties ("Designated Counties"), bariatric surgery services are covered only when performed at designated contracting bariatric surgery facilities and by designated contracting surgeons; coverage is not available for bariatric services from any other preferred provider and there is no coverage for bariatric services from non-preferred Providers. In addition, if prior authorized by Blue Shield of California, a member in a Designated County who is required to travel more than 50 miles to a designated bariatric surgery facility will be eligible for limited reimbursement for specified travel expenses for the member and one companion. Refer to the Evidence of Coverage for further benefit details.

6 Services may require prior authorization by Blue Shield. When these services are prior authorized, members pay the preferred or participating provider amount.

7 Mental health and chemical dependency services, other than medical acute detoxification, are accessed through the mental health services administrator (MHSA) -

U.S. Behavioral Health Plan, California (USBHPC) - using MHSA participating and non-participating providers. MHSA non-participating providers are not administered by USBHPC. Services for medical acute detoxification are accessed through Blue Shield using Blue Shield's preferred providers or non-preferred providers. For a listing of severe mental illnesses, including serious emotional disturbances of a child, and other benefit details, please refer to the Evidence of Coverage or plan contract.

8 All outpatient non-severe mental health, outpatient substance abuse and chiropractic visits accrue to the calendar-year visit maximum regardless of whether the plan deductible has been met.

9 Optional inpatient substance abuse treatment benefits are available. If your employer purchased these benefits, a description of the benefit is attached hereto as "Additional Substance Abuse Treatment Benefits."

10 Copayment shown is for physician's services. If the procedure is performed in a facility setting (hospital or outpatient surgery center), an additional facility copayment may apply.

Plan designs may be modified to ensure compliance with state and federal requirements
